# Navigating Interchecks

Interchecks is SafeRide fastest way to receive electronic payments. Interchecks is a verified third party payment portal designed to allow drivers to obtain their funds safely, efficiently, and in one easy process.

## Signing Up

Upon receiving your first payment via email you will receive a confirmation notice stating payment has been processed and is ready to be accessed. Follow the steps below entering your personal email and special access code provided in the email in order to become apart of Interchecks.com to receive e-payments. Please be sure to save your username and password once created, in case you will need to enter the portal for future payments.

Reference ID: 1234567

Great News!

We have processed a payment from **SafeRide Inc-Superior** for **\$1.00**. To accept payment, visit [Interchecks](#).

Enroll in Interchecks to retrieve your payment.

1. Visit [Interchecks](#)
2. Enter your Email Address: shp\_claims@saferridehealth.com
3. Enter the Access Code: **LJEBHG**

## Accepting Payments

When accepting new payments, please see the dashboard at the top of the Interchecks.com website shown below. Select Payments, Available, and then transfer the payments by confirming your preferred account or debit card. During enrollment, you will be asked to choose your preferred payment method (via debit card or routed directly to your bank). After you select your payment method, all future payments will be routed in alignment with your selection.

# Verifying Payment

In order to verify payment has been completed for a specific trip, please refer to the email notification sent by Interchecks when a payment has been made. In the email body, will be the payments Reference ID (Ref ID) which will correspond to the Ride ID SafeRide Health provides when a ride is booked for mileage reimbursement.

## Adding/Altering Banking Information

When adding or altering bank information if a change has recently been made by your bank, please refer to the accounts tab at the top of the Interchecks website dashboard. This portion will allow you to remove old payment information and replace it with your new payment information. Instant deposits are for debit cards, while 24 hour payments are for routing/bank account information. Please note that if you are wanting to update your debit card information, available funds are needed in your interchecks account in order for the new debit card to be added and payment to be processed.
